## EXCHANGE TRADING RESUMED

In All Shares Listed On The New York Stock Exchange

FOR THE FIRST TIME SINCE JULY THIRTIETH.

PRICES SOAR UPWARD

For the First Few Minutes Followed By a Reaction Caused By Heavy Selling—Activity Was Also Apparent In Bond Market.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 15.—Open trading in all shares listed on the New York Stock Exchange was resumed today for the first time since the exchange closed July 31, last. The big railroad and speculative issues held the world over, which transferred late yesterday afternoon from the restricted to the unrestricted list—subject to minimum prices—opened with an upward swing and within the first few minutes of trading made gains of 1-2 to 4 points over the quotations of July 30. Then came a heavy selling on-slaught. Under this pressure most issues declined from substantial fractions to three points under yesterday's closing prices.

There was a heavy attendance at the opening to greet the resumption of open trading. The crowd was concentrated around the posts where United States Steel and Union and Southern Pacific stocks were traded in; the rest of the room seemed almost deserted. The market was very active.

Opening prices for the international group, traded in for the first time, and embracing such favorites as Union Pacific, Canadian Pacific, United States Steel and Baltimore & Ohio, showed gains of 1-2 to 4 points over July 30 trading quotations. Baltimore & Ohio gained less than others of that group, showing a relatively heavy tendency. Steel opened with two lots of 4,000 to 1,500 shares at 15 to 14-3/8. Southern Pacific started with a scale of 2,000 shares and Canadian Pacific was active at a 3-point advance. Others in the class heretofore dealt in privately also showed small advances.

The entire list, with few exceptions, continued its rise with gains of a point or more in Amalgamated Copper, Lehigh Valley, American Smelting, St. Paul, and some of the specialties. The advance was met by heavy selling orders, which soon brought about the reactionary movement.

The restriction imposed on the so-called features were that no stock should be sold lower than minimum prices established by the stock exchange in advance, and that all trading should be for cash.

Activity in the bond market also was noticeable.

### GERMANY CALLS ON BELGIUM TO RAISE WAR TAX.

Paris, Dec. 15.—A despatch from Havre to the Matin says: "According to news which has reached the Belgian government the German governor-general of the occupied territory in Belgium has ordered the provincial councils to meet on Dec. 17 to take the necessary measures for the payment of the war tax of 350,000,000 francs (\$70,000,000.)"

## German Cruiser Is Given Twenty-Four Hours to Leave United States' Philippine Port

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 15.—Arrival of the German protected cruiser Cormoran in the harbor of Guam, an American possession in Ladone archipelago, was officially reported to the navy department today by the commandant of the naval station there.

It is presumed the German vessel sought the Guam harbor to interfere during the war.

The Cormoran has been given 24 hours from 10 a. m. yesterday, in which to leave the port or intern for the war. She was short of coal, provisions and water.

The Cormoran needed 1500 tons of coal to reach the nearest German port, according to Captain W. J. Maxwell, naval governor of Guam. She was offered 100 tons of coal and fresh water and her captain was given until 10 a. m. today (Guam time) to decide what his future course would be. Secretary Daniels has approved Captain Maxwell's action and has instructed him not to allow the vessel more coal and provisions than can be properly spared.

Mystery has surrounded the whereabouts of the ship for several weeks. She was known to have been in the Philippines during the early part of the war when the Japanese attacked that port and later was reported sunk in Oriental waters.

## Austrians Acknowledge the Abandonment of Servian Capital

(ASSOCIATED PRESS TELEGRAM)

Vienna, Dec. 15.—Via London—The abandonment of Belgrade by the Austrians is acknowledged in an official statement given out at army headquarters today. The statement follows: "In the southern theatre of war the retirement of our right wing involved a change in the military situation which made it advisable for us to abandon Belgrade which was evacuated without fighting."

## French Report A Substantial Allies' Advance

(ASSOCIATED PRESS TELEGRAM)

Paris, Dec. 15.—The official statement given out by the French war office this afternoon says the French have retained the territory they won recently along the Ypres canal; to the west of Hollebeckeln the Argonne and elsewhere. There has been artillery fighting from the Somme to the Argonne and in Alsace. German infantry made a foothold near Steinbach. The text of the communication follows:

"Between the sea and the Lys the English have occupied a little forest to the west of Wyttschaete. The ground gained yesterday by our troops along the Ypres canal and to the west of Hollebeckeln has been retained in spite of a vigorous counterattack on the part of the enemy. From the Belgian frontier to the Somme there is nothing to report. From the Somme to the Argonne there has been intermittent cannonading. Excepting in the region of Crouy this artillery fighting has not been spirited. In the Argonne we have made some progress and retained the advances made by us on the preceding days.

"In the Vosges the railroad station at Saint Leonard, to the south of St. Die, has been violently bombarded by the Germans for a considerable distance. "In Alsace there has been much activity on the part of the enemy's artillery with the exception of before Steinbach, where an attack by the German infantrymen coming from Uffholtz was successful in gaining a foothold. We have everywhere retained the positions won previously by us."

## Nine Bodies Recovered From Cleveland Fire

FATAL GAS EXPLOSION IN APARTMENT HOUSE IN FOREIGN QUARTERS.

Injured Unable to Speak English Makes Identification of Dead Difficult.

(ASSOCIATED PRESS TELEGRAM)

Cleveland, Dec. 15.—Police and firemen were searching the ruins of a two story brick apartment house in Madison avenue which was wrecked last night as a result of a gas explosion for the bodies of three persons supposed to be buried in the debris. The bodies of seven dead have been recovered and nine persons who were more or less injured are in hospitals. Physicians said today that the injured probably will recover.

The fact that the explosion occurred in a foreign settlement and that those injured speak very little English, made it difficult to establish the identity of the victims and to determine whether any more were missing. Some of the firemen and police expressed the belief that the death toll would not exceed nine. While the explosion is generally thought to have been due to an accumulation of natural gas this had not been definitely determined early today. How enough gas to demolish the building could have accumulated without first asphyxiating some of the occupants of the building was a question that confronted the city officials.

## President Awaiting Information Before Sending Warships to Panama

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 15.—More information is being awaited before President Wilson decides whether the request of Governor Goethals for destroyers to enforce neutrality at Panama shall be granted. Suggestions of differences between Secretaries Garrison, Daniels and Bryan

Officials described as absurd over the question were met by President Wilson with the statement that there could be no real differences since he would finally decide. The President discussed the situation with the cabinet and generally considered measures for protecting the neutrality of the canal.

ports that Col. Goethals request would be denied. They declared action was being delayed only pending a full discussion of the needs of the situation. There has been some doubt in the minds of officials as to just what sort of a patrol would be necessary. The cabinet adjourned without taking any definite action.

## PRESIDENT ON NEGRO QUESTION

Addresses Representatives of Eleven Southern Universities

(ASSOCIATED PRESS TELEGRAM)

Washington, Dec. 15.—Outlining his attitude toward the negro, President Wilson today told the university commission on southern race questions, made up of representatives of eleven southern colleges that our object is to know the needs of the negro and sympathetically help him in every way that is possible for his good and our good.

Dr. C. H. Brough of the University of Arkansas chairman of the commission, told the President the commission was organized to make an impartial study of the race question from the standpoint of the negro's economic, hygienic, civil and moral betterment.

"I am very glad to express my sincere interest in this work and sympathy with it," said the President in reply to Dr. Brough. "I think that men like you, who are so interested in the negro, can be trusted to see this great question at every angle. There is not any question, it seems to me, into which more candor needs to be put, or more thorough human good feeling, than this. I know myself as a southern man, how sincerely the heart of the south desires the good of the negro and the advancement of his race on all sound and sensible lines, and everything that can be done in that direction is of the highest value. It is a matter of common understanding."

"There is a charming story told about Charles Lamb. The conversation in his little circle turned upon some men present and Lamb, who you know, started to say, 'I hate that fellow.' His friend said, 'Charles, I don't know you know him.' Lamb said, 'I don't I can't hate a fellow I know.' "I think that is a very profound human fact. You cannot hate a man

you know. And our object is to know the needs of the negroes and sympathetically help him in every way possible for his good and our good. I can only bid you Godspeed in what is a very necessary and great undertaking."

### CASE DECIDED ON A TECHNICALITY: LAWYERS' VIEWS

(ASSOCIATED PRESS TELEGRAM) Columbus, Dec. 15.—The supreme court's action is interpreted as deciding the Frederick case only on a technicality. The merit of the case was not passed on. Whether school teachers are as free to form unions, similar to those organized by musicians and labor classes, is a question which was not determined, according to the interpretation given the action by lawyers who have studied the case. Frederick is not prevented from appealing another case involving the same point to the court of appeals. Nor is he prevented from appealing the contempt case involving the jail sentence and fine. The court of appeals refuses to review the appeal from the injunction order because Frederick and the board of education neglected to file an appeal bond.

# Combined Attack By Allies Is Beginning of the Advance Expected to Crush Germans

Kaiser Keeps In Close Touch With His Men In the Field.

This highly interesting photo shows the Kaiser consulting with General Herring, one of the commanders of the army invading France. Prince Oscar, the Kaiser's fifth son, who has been repeatedly praised for his heroic work at the front, is shown examining some plans and watching the movements of some troops through the telescope.

## RECAPTURE OF BELGRADE BY THE SERVIAN FORCES

May Have An Important Bearing On the Eastern Situation, As It May Put Austrians On the Defensive Along Their Own Borders and Thus Weaken the Combined Opposition Against the Russian Plan of Campaign—United States Warns German Cruisers to Leave Port of Guam In the Philippine Islands.

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 15.—The statement issued today by the British official information bureau concerning the combined attack by the allies yesterday against the German line was interpreted in some quarters as marking the beginning of the much discussed attempt to make a general advance. The point of the combined attack mentioned in the statement is to the south of Ypres. It will be noticed, moreover, that the statement refers to fighting in northern France as well as in Belgium.

This is taken to mean that the offensive movements stretch over a considerable area.

It has been known for some time that the British army headquarters has been pushed to the eastward, and it is consequently assumed by British observers that the allies have made more progress than has been chronicled.

The occupation of Belgrade by the Servians may soon have an important bearing on the situation in the east should it compel the Austrians to make a vigorous defensive campaign along their own borders to prevent Servian invasion.

## Allies Make Combined Attack

(ASSOCIATED PRESS TELEGRAM)

London, Dec. 15.—The official information bureau today gave out the following statement:

"After a period of comparative quiet the fighting in Northern France has recommenced.

"A combined attack by the allies was made yesterday on the line from Hollebeck to Wyttschaete, in Belgium. Several German trenches and a number of prisoners were captured and substantial progress was made."

(ASSOCIATED PRESS TELEGRAM) London, Dec. 15.—Belgrade, the unfortified capital of Serbia, which the Austrians after a long and terrible bombardment occupied two weeks ago, is again in the possession of the Servians. A dispatch from Nish the temporary capital received in London early this morning, makes the announcement that Servian troops have re-entered the city, thus crowning their recent surprising victory against the Austrian invaders of their territory. The telegram from Nish is brief and says merely that the city has been occupied.

Up to the present time it has not been followed by an admission from any Austrian source.

Austrian arms have been flying prominently of late in the war, the Austrian progress across the Carpathians, from the passes of which they have been clearing the Russians having been one of the few positive factors in the fighting of the last few days in the eastern arena. North of the Vistula along the Mlava front the struggle seems to be favoring the Russians, but neither side claims a decisive victory anywhere along the eastern front. The final encirclement still remains to be fought out between Lodz and the Vistula. Military observers in London, commenting upon Russia's failure to clear Poland of German troops, dwell upon the fact that even Russia's vast resource in men may continue to prove unavailing unless existing methods of communication are improved. On two occasions Russian forces approaching the German frontier have been driven back by reason of the remarkable system of German railroads which enables Germany to move her troops, expeditiously, and it has been suggested that Russia should begin at once the construction of new transverse lines in Poland and the improvement of existing lines. Temporary lines, it is argued, could be laid at the rate of 10 or 12 miles a day.

While it seems clear that Germany is operating her main force in Poland, there is still no outward indication of a general advance on the part of the allies in the west. That General Joffre the French commander in chief is feeling out the situation, seems apparent but so long as artillery duels continue to constitute most of the fighting, only slow progress has been expected, as it is a military maxim that guns alone cannot bring a decision. Germany has shifted so many of her troops to the eastern arena that the allies must now clearly outnumber them in France and Flanders. This condition, taken together with the fact of British reinforcements, is leading Berlin, according to report, to expect pronounced activity on the part of the allies at any moment.

## SIGNING CONTRACT WITH FALSE NAME NO VALID DEFENSE

(ASSOCIATED PRESS TELEGRAM)

Columbus, Dec. 15.—Signing a contract under a false name does not relieve a person from charges of embezzlement, the supreme court held today in sustaining a bill of exceptions presented by the Summit county prosecutor in the case of Edward L. Gross, alias H. E. Kimble. Gross contracted with the Cleveland National Fire Insurance company to sell stock he secured \$2215 from Barborton citizens on the stock and then fled the state. When brought to trial the court directed a verdict of acquittal on the ground that the crime was larceny and not embezzlement, since the contract with the fire insurance company was under a false name, and that therefore no actual contract existed. ## HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post.

Regular sizes for sale at all druggists—fifty cents and one dollar.

## MEMORY

OF JUDGE CHARLES H. KIBLER IS HONORED BY LICKING COUNTY LAWYERS.

Bar Association Adopts Resolutions and Will Attend the Funeral in a Body.

A meeting of the Licking County Bar Association was held in the court room at 9 o'clock on Tuesday morning. The purpose of the meeting was to take action upon the death of Colonel Charles H. Kibler. The committee heretofore appointed by the president of the association presented to the association resolutions which were adopted and were ordered spread upon the journal of the court, and a copy thereof ordered sent to the members of the family.

Appropriate remarks, touching the life and character of the deceased were made by J. A. Flory, Charles W. Montgomery, J. R. Davies, A. A. Stasel, J. R. Fitzgibbon, Carl Norpell, Roderic Jones, R. O. Martin, J. W. Leidigh, R. G. Smythe, Judge J. M. Swartz, and others.

The members of the bar will meet in the court room at 9 45 a. m. Wednesday, to attend the funeral in a body.

Following are the resolutions:

To the Bar Association of Licking County, Ohio:

Your committee appointed to draft resolutions upon the occasion of the death of Judge Charles H. Kibler begs leave to submit herewith its report:

Charles H. Kibler was born at Uniontown, Pa., February 11, 1827. At the age of 6 years he came with his parents to Hillsboro, O., where he resided until 1850, during which year he was admitted to the bar, having studied at Cincinnatus, Pa., and in the office of Judge Thornton at Hillsboro. Shortly after his admission to the bar he came to Newark. He first served as superintendent of public schools, 1850-1851, after which he began the practice of law as a member of the firm of Stanberry, Wright & Kibler.

He was elected and served one term as mayor of the city of Newark, in 1861 he enlisted in Co. D, 76th O. V. I., and served in the civil war for three years, being discharged with the rank of colonel in 1864. In 1865 he formed a partnership with the late Jerome Buckingham, which lasted until 1869. From that time until 1884 he practiced law alone, when with his son, Edward Kibler, there was formed the law firm of Kibler & Kibler, which continued until he was elected to the circuit bench in 1886 where he served two years. Upon his retirement from the bench he again formed a partnership with his son, Edward Kibler, and this partnership lasted until the first of the year 1906, at which time the firm of Kibler & Kibler associated with them Charles W. Montgomery, under the firm name of Kibler, Kibler & Montgomery, which firm continued for a short time until Judge Kibler retired from the active practice during the year 1906.

Judge Kibler lived nearly eighteen years longer than the three-score-and-ten years allotted to man, and at the age of 87 years 10 months and 2 days he was taken away.

His number of years is allotted to but few men and there are but few men who have so well improved their years or whose years have been lived with such credit to themselves and such honor to their community or their profession.

He was a member of this bar before the majority of the present members were born, and when its oldest active living members were but boys and his career at the bar has for more than half a century been an example, a guidance and a source of inspiration to all those who came after him.

His labor in the preparation of cases for trial was prodigious, his knowledge of the principles of the law involved in his cases was complete, his conception of the vital points was accurate and exact, and in the trial of his cases he was more than ordinarily successful.

His integrity was never questioned, and no member of this bar ever knew him to violate an agreement which he made. No member of your committee ever knew or heard of a single incident in the life of Judge Kibler which reflected discredit upon him.

The death of Judge Kibler means not simply a loss to his family, but it is a loss to the profession which he honored, to the community in which he lived, and to all the people who knew him. But in his death we must feel that he has gone to his reward and of him it must be said, as it can be said of few others: "Well done."

Therefore, in view of this our feeling toward him, our deceased brother and leader.

Be it resolved, that with a feeling of veneration and love toward the deceased, the members of the Licking County Bar Association attend his funeral in a body; and

Be it further resolved, that these resolutions be spread upon the journal of the court of common pleas of Licking county, O., and that copies thereof be sent to the members of his family, the Ohio Law Reporter, and the local daily papers.

## Resolutions Adopted By Mt. Vernon Men

Wm. M. Koons, Judge Fulton, Frank Moore and H. H. Greer Honor Memory of Judge Kibler.

(Special to Advocate.)

Mt. Vernon, O., Dec. 15.—A meeting of the Knox County Bar Association was held at 9 o'clock this morning in the common pleas court room in which time resolutions were read and adopted by the association on the death of Hon. Charles H. Kibler of Newark.

Remarks on the resolutions were made by Hon. William M. Koons, Judge Fulton of Newark, Mr. Frank Moore and Hon. H. H. Greer, president of the bar association.

Upon motion the following resolutions were ordered spread on the court records:

The undersigned committee, to whom has been intrusted the duty of preparing an expression of this organization upon the death of Hon. Charles H. Kibler of Newark, O., beg leave to submit the following and respectfully move its adoption.

"We learn with profound emotion of the death of Hon. Charles H. Kibler, which occurred at his home in Newark, O., on Sunday, December 13, 1914.

"His life presents an example of noble integrity, nobleness and resolve, accompanied almost, if not quite, with a parallel in the history of the courts of this state.

"ed that no practitioner within our knowledge has participated in the trial of more contested matters in court than Mr. Kibler. It was a rule of conduct in his practice that he was employed to try cases and leave the settling of same to others.

"It was not until the weight of 80 years had settled upon him, that he consented to give up the active practice of his profession to enjoy, as he so richly deserved, the crowning of a youth of labor with an age of ease.

"Among his important public services he served with distinction upon the circuit bench of this judicial district and rendered honorable and useful service to his country as an officer in the late civil war.

"He was a lawyer of the first order, a kind and thoughtful neighbor, an honored, respected and useful citizen, a high-minded and courteous gentleman, exemplary in all his domestic relations and immediately responsive to the call of every duty.

"His life and virtues are left as the heritage, not only of his children, his city and county, but of the state at large.

"To his children, his immediate friends and relatives, and to the Licking County Bar Association, we tender the full measure of our heartfelt sympathy.

"FRANK MOORE,  
"WM. M. KOONS,

MUNICIPAL DANCES  
WILL TAKE THE PLACE  
OF NEW YEAR'S REVEL.

(Associated Press Telegram)  
Chicago, Dec. 15.—Five municipal dances as a same celebration of New Year's Eve and as a counter attraction to the usual revel in Chicago's cafes will be held this year, it was announced today.

"I believe that the New Year's Eve municipal dance will keep great numbers of young women away from the evil influence of the usual celebration," said Mrs. L. Z. Meder, superintendent of the department of public welfare.

"We will have special attractions, including Vaudeville, dancing by professionals and other entertainments, to keep girls and young men away from the downtown revel."

Hunter Is Fined.

There have been two violations of the hunting laws in Licking county this week. In one case the party pleaded guilty and was fined \$25 and costs. The other is to be heard Thursday in one of the justice courts. Hunters are foolish to try and evade the game laws. Most hunters do not, but in a few instances violations occur. These usually are perpetrated on the violators are punished.

## RECOMMEND A BOULEVARD FOR BUCKEYE LAKE

Columbus, Dec. 15.—John I. Miller, superintendent of public works, has recommended that the state build a boulevard around a part of Buckeye Lake. Mr. Miller states that the lake is becoming known as one of the prettiest and best summer resorts in the country and that its reputation has extended far beyond the confines of its own state.

The lake is easy of access, both from Newark and Columbus and the proposed improvement would be backed by the people of both cities. The state superintendent will request that the legislature appropriate money to acquire the site for a boulevard extending on the north from the Park to Lakeside, and on the south, in the vicinity of Summerland Beach. Such a thoroughfare around the lake is the ultimate plan of Mr. Miller.

The proposed route would lie immediately inland from that part owned by the state around the lake front and merely would add to the width of the state's control. It would interfere in no manner with cottages constructed on the lake front. It would run to the rear of these.

Advantages claimed for this boulevard by Mr. Miller, besides making a beautiful driveway for visitors at the resort, are that it would straighten the state's lines and forever settle disputes between the state and property owners, enable the public works department to establish a much-needed system of sanitation, and give means of access to points along the lake front that cannot now be reached except by crossing private property.

CHICAGO POLICEMAN  
WAS A MODEL ONE, BUT  
RESIGNED FROM FORCE.

(Associated Press Telegram)  
Chicago, Dec. 15.—After thirty-two years of service, William S. McGuire, who is called Chicago's model policeman, resigned today. He is declared to be the wealthiest man on the force, and is reputed to own property valued at more than \$100,000.

McGuire does not drink, has never been reprimanded and never has been before the trial board. He started his financial success when he sold a piece of property for more than ten times the amount he paid for it.

Other really transaction by which he always profited followed.

McGuire is planning to spend the winter on his country place at Palm Beach, Fla.

## State Game Preserve In Ohio Recommended and Bill Will Be Urged In Next Legislature

(ASSOCIATED PRESS TELEGRAM)

Columbus, Dec. 15.—Recommendations for legislation paving the way establishing a forest, bird and game preserve in southern Ohio were presented to the agricultural commission today by a committee appointed several months ago to consider the question. A bill probably will be drafted providing for the use of about \$25,000 from the hunter's license fund for the purchase of land for such preserve.

This bill will be presented to the legislature and its passage urged.

Prominent in the committee's report was the statement that although hundreds of families living in the hilly country of southern Ohio, mainly Scioto, Pike, Ross and Vinton counties, will have to move within the next few years if the preserve is established, they will be paid adequately for the land. Reports circulated several months ago, emanating from state officials, were that squatters occupied thousands of acres of state school, ministerial and delinquent tax lands, and that they probably will be ousted by the state.

Investigation has shown that hill lands probably can be bought at \$2.50 average an acre and the committee recommended the purchase of about 10,000 acres, costing possibly \$25,000. Small parcels of state lands will be incorporated in the entire preserve but the total of these publicly owned tracts is now said to be comparatively small.

The forestry committee reported today that if the general assembly should pass the measure it recommended, the land can be bought next summer and fall, some by condemnation proceedings, and the pre-

serve actually established by next fall.

Although the committee made no recommendation of a definite location for the state forestry tract, members expressed freely the opinion that the best and cheapest lands for the purpose are the sparsely settled hills in northeastern parts of Scioto county, eastern edges of Pike and Ross and the western parts of Vinton and Jackson counties. The hill sections west of the Scioto valley in Highland and Adams counties were mentioned.

The committee proposed that the preserve be managed jointly by several departments of the agricultural commission, including the fish and game warden, state experiment station and the agricultural college. The preserve would be a great benefit to the forestry department of the college, it was suggested. The tract could be used for experiments in growing certain trees, and in a few decades would supply timber and thus be a well-paying investment for the state, the committee declared. Birds and game animals would find in the preserve the only safe breeding place in the state, and eventually game and fish could be transplanted from the tract to other parts of the state.

Members of the forestry committee are:

Homer C. Price, dean of the state agricultural college chairman; C. E. Brone, director of the Wooster experiment station; J. Warren Smith, chief of the weather bureau here; John C. Speaks, fish and game warden; Benjamin L. Gayman, secretary of the agricultural commission and Richard Enderline of Chillicothe, a strong advocate of reforestation.

## HOSPITAL

**FORMALLY OPENED TODAY WITH  
PUBLIC RECEPTION IN NEW  
BUILDING.**

**W. D. Fulton Will Deliver the Address and Keys Will be Turned Over This Evening.**

The formal opening of the new City Hospital at the corner of Buena Vista and Indiana streets, was held today and the members of the board of managers and the trustees were present at the building, forming a reception committee which conducted all visitors over the building.

Much has been accomplished in the past week at the new hospital and unceasing has been the efforts of those in charge to have the new building ready for visits of the citizens of Newark. Mrs. Ida M. Chase, the matron, has been in charge for the past two weeks, and everything was cozily arranged by Tuesday morning.

The white enameled interior with the large doors of mahogany presented a beautiful appearance and nearly all the furnishings had been placed in the rooms, and on Tuesday all patients now at the old building in Wyoming street, will be transferred and all work of the hospital will be done in the new location which is completely equipped.

The arrangements for the opening were informal and this evening Mr. Henry Woodbridge will turn over the keys of the hospital and Mr. W. D. Fulton will deliver an address, replacing Mr. Edward Kibler, Sr.

The new City Hospital is the result of earnest, hard work on the part of a number of the citizens, aided by the general public. In 1897 the first hospital was opened in the city by a small number of women who had the sum of \$50. The opening then was the present building which at that time was located in Hudson avenue. It was later moved to Wyoming street, but was still used as the hospital. Mr. Edward H. Everett, through his wife, later donated the site at the corner of Buena Vista and Indiana street, and a campaign for subscriptions brought the sum of \$50,000.

**Mr. Thomas Lennox.**  
Word has been received in Newark, announcing the death of Mr. Thomas Lennox, formerly clerk of the courts in Newark. Mr. Lennox died at the home of his daughter in Cleveland on Monday evening. Mr. Fred Lennox of this city was at the bedside of his father at the time of his death. He is survived by his wife, one son and two step daughters.

The body will be brought to Newark on Wednesday and funeral services will be held at the McGonagle Undertaking parlors on Thursday afternoon at 2 o'clock. Burial will take place in Cedar Hill cemetery.

Bertha M. (M) 51, of Belmont county and wife of C. Fritz of Springfield, died within a few hours of each other at the state hospital, Columbus.

## GRANVILLE

(Special to Advocate.)

Granville, Dec. 15.—At the Traveler's club yesterday afternoon, December 11, all other interests gave way to the debate. Resolved, "That the Philippines be Independent," which was heard by about sixty club women of more or less partisan views. The affirmative was ably maintained by Mrs. William Howe, Mrs. M. E. Stickney, and Mrs. C. E. Stanton; the negative no less cleverly defended by Mrs. A. M. Bramback, Mrs. D. C. Gilmore and Mrs. K. S. Hines. Each debater confined her speech to twelve minutes, and the president, Mrs. W. E. Clemons, used the gavel unsparingly and impartially. The result was a surprising array of arguments both for and against independence—the only safeguard against undue excitement over the subject being the announcement that each one present must be her own judge as to the merits of the contest, as no judges had been appointed to decide the issue. As this is a question on which even the ablest statesmen and politicians fail to agree, the Travelers could scarcely hope to settle it even among themselves, though the six ladies on duty, covered themselves

with glory in the effort to prove their points. There will be no meeting next week, the president announcing the holiday recess and wishing all a Merry Christmas before adjournment was made.

Dr. and Mrs. D. B. Parinton, who have been guests of Granville friends since last Friday, left this morning for their home in Morgantown, W. Va.

Dr. and Mrs. R. S. Colwell spent Monday in Columbus.  
Mr. Ray S. Edwards, office manager of the firm of Lamson Bros. & Co., now located at Des Moines, Ia., will

join his wife at the home of her parents, Mr. and Mrs. Burton Case, where they expect to spend Christmas.  
Dr. and Mrs. C. J. Baldwin are expecting their daughter, Miss Helen Baldwin of Joliet, Ill., and their son, Dr. James F. Baldwin, professor at Vassar college, to visit them during the holidays.

The program of the W. C. T. U. meeting which was held at the home of Mrs. Anne Davies in Pearl street last Friday, which was exceedingly interesting, is given below.  
Devotional—Mrs. Rose.

Song—"Ohio's Going Dry."  
Christmas Program—Mrs. John Thomas, leader.  
Reading—"There on Earth"—Mrs. Thomas.  
"The Christmas Message"—Mrs. Howe.  
"Miltiades and Santa Claus"—Mrs. Davies.  
Christmas Giving—Mrs. Wood.  
Vocal Solo—Evangelical Chorus.  
Prayer—Mrs. Wood.  
During the hour following the program dainty refreshments were served by the hostess.

Mrs. Nettie Settles delightfully entertained the members of her Sunday school class, the Dorcas Bible class of the Central Church of Christ, at her home in Riley street Saturday afternoon, November 12 from 2 till 5 o'clock, it being her eighth anniversary in the class. Mrs. Warren Wright was present, and gave a short talk on the duties of parents to their children. Mrs. Settles then briefly reviewed the work of the class in the past year, after which Helen Gildow rendered some very fine selections on the piano. A delicious two course luncheon was then served by the hostess.

Those partaking of Mrs. Settles hospitality were Mrs. R. M. Tinnen, Mrs. Besse Debevoise, Edith Debevoise, Laura Debevoise, Mrs. J. W. Hatfield, Mrs. E. B. Armstrong, Mrs. Eva Dile, Rose Dile, Mrs. J. M. Kolp, Mary Kolp, Mrs. F. Hayes, Lulu Yaus, Mrs. S. O. Henderson, Mrs. J. A. Hall, Mrs. Huldah Peterman, Mrs. Eva Poland, Mrs. Esther Hatfield, Mrs. C. E. Hunt, Mrs. Frank Parker, Mrs. Nancy Jewell, Mrs. C. Fletcher, Mrs. A. H. Yaus, Mrs. T. D. Palmer, Mrs. W. A. Debevoise, Mrs. Eliza Davis, Mrs. Fred Iden, Mervin Iden, Mrs. C. G. Announcement is made of the marriage of Miss Vesta Van Brunt, daughter of Mr. and Mrs. W. K. Brunt of Sioux Falls, S. D., to Mr. Kenneth J. Campbell, formerly of Mt. Vernon, O., but now interested in the Brunt-Overland Automobile company of Sioux Falls.

Mr. Campbell is the son of Mr. and Mrs. H. S. Campbell of Mt. Vernon and is a graduate of Denison University.

A very pleasant surprise party was given in honor of Mr. and Mrs. Charles DeWitt at their home in 164 West Main street on December 11, the occasion being Mrs. DeWitt's birthday anniversary. Mrs. DeWitt received a number of presents and useful gifts. The evening was spent in dancing and with games and a number of solos were sung by Mrs. Charles Hookerberry.

At a late hour an appetizing repast was served the following guests: Messrs. and Mesdames Thos. Hunter, Edmund Fox, Elmer Carrioco, Cary Parker, Clyde Armstrong, Oscar Fraley, Charles Hookerberry, Atta Fraley, Harry Wente, Frank Bridgman, Jack Richardson, Sordie Larrison, George Jackson, Mrs. Harry Jones, Mrs. Winer, Messrs. Mesdames Hattie Jones, Freda

Fox, Lillian Jackson, Ethel and Irene Wente, Mary Foraker, Clara Bell and Thelma Hookerberry, Eunice Isabel and Louise Larson and Helen Freidley.

The following pupils have enrolled in the Sherwood School of Music, under the tutelage of Mrs. Bertha Roe: Esther Manning, Viola Steepier, May Glus Lucile Fristoe, Bernice Franks, Leah Williams, Harold Umstott, Emma Armentrout, Beatrice Shreffler, Wilma Finch Frances Powell, Lula Smalls, Hazel Jeanor, Herma Oden, Mrs. Marjorie Cochran, Clarice Roney, M. Mills, Bertie Northy, Anita Boyles of Elma, O.

The Art Embroidery club will meet at the home of Mrs. Charles Grill, South Third street, Wednesday afternoon at 2 o'clock. Members are requested to bring the Christmas boxes.

The Mitchell Bible class of the First M. E. Sunday school, of which A. S. Mitchell is teacher, held their annual chicken dinner and social meeting in the dining room of the church Monday evening. Following an excellent dinner, Mr. Mitchell, as toastmaster, introduced the speakers who responded to the following toasts:

Prof. H. M. Beatty—Pulling the Cork, or How to Get New Members.  
Clyde Adams—Our Girls.  
Miss Clara McDonald—Our Boys.  
Miss Flovia Dunston—Readings from Paul Lawrence Dunbar.  
Rev. Mr. Bowden—Opportunities.  
C. L. H. Long, A. S. Stephan and Mrs. A. S. Mitchell were among the others who addressed the class.

Sixty persons were present and the following young ladies assisted in serving: Marie Bell, Ruth Hirst, Mildred Woodward, Amy Ballou, Burdell Puramorie, Lorchia Dergor and Madge Beatty.

Since the organization of the class there have gone out into the business and professional world in the United States and the islands of the sea, 130 members.

To Have Smooth, White  
Soft Skin All Winter

Does your skin chafe or roughen easily in this weather, or become unduly red or blotchy? Let me tell you a quick, easy way to overcome the trouble and keep your complexion beautifully white, smooth and soft the winter long. Just get an ounce of ordinary meolized wax at the nearest drugstore and use a little before retiring, as you would cold cream. Upon arising, remove the coating with sugar water. The way through some peculiar attribute, flecks off the rough, discolored or blushed skin. The result outcure comes off just like dandruff on a diseased scalp, only in almost invisible, painless, meolized wax simply restores Nature's work. Used as required, it keeps the face constantly free from dehydrated scurf skin and only the healthy, young-looking skin is in evidence. It's the best treatment known for weather-beaten, aged, muddy, freckled, pimpled and all unbecoming complexion. Some skins wrinkle easily in winter. There's an excellent remedy in a harmless wash lotion made by dissolving 1 oz. powdered amyloide in 2 pint. Wash face. This will quickly eradicate every line.—The Woman Beautiful.—Advertisement

Chairman of Committee  
Probing Naval Affairs.

Representative Lemuel P. Padgett of Tennessee is the chairman of the naval affairs committee of the house of representatives, which is now investigating the condition of the United States navy. The work has been taken up, largely because of the agitation inaugurated by Representative Gardner of Massachusetts, who had introduced a resolution for a special committee to investigate both army and navy. Already Mr. Padgett's committee has brought out some interesting facts concerning the readiness of the United States in case of war. Secretary Daniels has been on the stand for several days up until yesterday.

## COLDEST OF SEASON

(Associated Press Telegram)  
Washington, Dec. 15.—Two more days of cold weather for the eastern section of the country was predicted today by the weather bureau. The coldest weather of the season thus far prevailed today generally east of the Mississippi river and in the northwest. Below zero temperatures were reported from Ohio, West Virginia, Pennsylvania and Indiana and the northwest, while below freezing temperatures were reported from all other states east of the Mississippi as far south as Florida and the east gulf states.

Fair weather prevailed everywhere except for rains in the Florida peninsula and on the north Pacific coast, and snow flurries near the Great Lakes and in northern New England.

## ANSWER TO QUESTIONS

What is the purpose of the Christmas Money Club?

The purpose is to help you and others to accumulate a fund for next Christmas (1915).

How does the Christmas Money Club accomplish this purpose?

By each member paying in a small sum each week for 50 weeks. Ten days before next Christmas (1915) each member will receive the total amount paid in with 4 per cent interest.

Does everybody pay in the same?

No. There are six classes, the payments being of different amounts or arranged in different ways to suit the convenience of all. These different classes are explained in detail at left.

What are the payments in Class 2c?

In the 2c Ascending Class the payments begin with 2c the 1st week and increase 2c each week until you pay \$1 the fiftieth week, or if you prefer, you can join the 2c Descending Class and begin with \$1 and end with 2c on the fiftieth week.

Do the payments in the other classes progress in the same way?

In Class 5c they do. The only difference is that in Class 5c the payments begin with 5c and end with \$2.50 or you can begin with \$2.50 and end with 5c.

We also have classes requiring a uniform payment of either 50c or \$1 a week as you prefer.

What do I do to become a member?

All that is necessary is to go to The Home Building Association Co., 26 So. Third St., ask to be enrolled as a member and make the first week's payment or more.

Is there a membership fee or is there

any cost to join? NO.

What will the first payment be?

From 2c to \$2.50, according to the class you join. See detail list of payments at left.

How are the payments to be made?

Weekly, on any day during each week or in advance for as many weeks as you desire.

What will happen if I cannot keep up my payments or discontinue?

You may discontinue for any reason at any time, and at the period when the club closes, you will get a check for as you have paid in, but without interest.

When and how can I withdraw?

Under no circumstances will any withdrawals, either in whole or in part be allowed. What you deposit will be held for you until Dec. 15, 1915.

What form of receipt do I get when I make payments?

We furnish a new and convenient coupon receipt book free which gives a complete record of your payments.

What would happen if my receipt book were lost or destroyed?

As we have a complete record of the payments of every member we will pay your share to you whether you have the book or not. The book is of value to you only for the purpose of keeping track of your own payments.

Can I become a member of more than one class? Yes.

When can I join?

You can join any time after Wednesday, Dec. 16, and until Tuesday, Jan. 5, but preferably during the first week to avoid the rush on the last few days.

be introduced at the coming session  
of the West Virginia legislature with  
a view to preventing such labor  
troubles as have recently caused  
losses in this state. Two bills have  
been drawn, one by C. Burgess Taylor,  
a former member of the house of  
delegates, and another by William P.  
Hubbard, a former West Virginia  
congressman. These bills will be  
considered by a committee of the  
West Virginia board of trade, and  
from them a measure covering all  
the points at issue will be drawn for  
presentation to the legislature.

CALLED ON EXTRAVAGANT SYSTEM OF FREE DISTRIBUTION OF GOV. DOCUMENTS.

Report Filed Today Shows That Nearly Half Million Was Spent Last Year.

Washington, Dec. 15.—In his annual report to the Secretary of Commerce, released today, the chief of the division of publications of the Department of Commerce advocates limiting the free distribution of Government publications, and devotes considerable space to the progress made during the past year in placing the Department's publications on a sales basis.

The free distribution of practically all publications of the Bureau of Foreign and Domestic Commerce is now confined to libraries, educational institutions, the press, and commercial or other organizations. Beginning July 1, 1914, the free distribution of the Daily Consular and Trade Reports was discontinued, and the Superintendent of Documents now furnishes that publication on a regular subscription basis, the price being fixed at \$2.50 per annum. Other publications of the Bureau and Domestic Commerce being sold by subscription or at flat rate, include the Monthly Summary of the Foreign Commerce of the United States, Quarterly Statement of Imported Merchandise Entered for Consumption, Statistical Abstract of the United States, Commercial Relations of the United States with Foreign Countries, reports of special agents sent abroad to investigate trade conditions with respect to selected industries, and special reports of consular officers on assigned subjects.

The Bulletin of the Bureau of Standards (issued four times a year) is also now sold by the Superintendent of Documents, while Tide Tables, Coast Pilots, and Charts have for many years been issued and sold by the Coast and Geodetic Survey with entirely satisfactory results.

Sales by the Superintendent of Documents of the Department's publications during the fiscal year 1914 more than doubled those of any prior year. Encouraged by the success which has so far been attained by selling experiments, further gradual extensions of the sales plan are recommended. Light lists and buoy books, issued by the Bureau of Lighthouses, are said to comprise a class of publications which it is believed should be sold, in view of the fact that all other governments put a price on similar publications issued by them.

The report shows that the Department of Commerce expended a large fortune for printing and binding during the fiscal year 1914, the total expenditure amounting to \$4410,700. Even this expenditure, however, did not exhaust the sum available to the Department, as economical handling of the printing fund permitted over \$20,000 to be turned back into the treasury at the end of the year. The printing of publications cost the Department a little over \$338,000, while blank forms and other miscellaneous printing and binding cost about \$72,000.

During the year the Department issued a total of 1,054 publications, against 843 in the fiscal year 1913. Fifty-three of those, against 23 in 1913, were printed in two or more editions during the year, while 110, compared with 75 last year, were reprints, without change, of issues of earlier years. The publications issued contain a total of 41,507 in 1913, and there were printed of them for the department a grand total of 8,536,605 copies, against 7,286,930 in the preceding year, an increase of 1,299,675 copies. The average edition of publications was 8,147 copies, while the average number of pages was 52.

Of the different publications issued, 425 emanated from the Bureau of Foreign and Domestic Commerce, 198 from the Bureau of the Census, 141 from the Bureau of Standards, 108 from the Bureau of Lightships, 56 from the Office of the Secretary, 52 from the Bureau of Fisheries, 25 from the Coast and Geodetic Survey, and the balance were about equally distributed among the Bureau of Corporations, the Bureau of Navigation, and the Steamboat Inspection Service. Of the total number of copies issued, the Bureau of Foreign and Domestic Commerce contributed about three-fourths, or 6,242,470 copies, and the Bureau of the Census contributed 1,056,950 copies.

In addition to the output of printing presses, the Department issued and distributed nearly 1,200,000 copies of form letters from duplicating machines.

## Dr. Osler on Tuberculosis

Sir William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1902), on page 240: "The healing of tubercular tuberculosis is shown clinically by the recovery of patients in whose apical elastic tissue and bullae have been formed in the lungs. To such conditions alone should the term healing be applied."

And eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Echinacea. Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis, many of which appear to have yielded completely to it, justifies our belief that it is worth a trial, unless, of course, other remedial measures are succeeding. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it, but we know of many cases in which it has helped. Your druggist has it, or we can get it, or you can send direct to Eckman Laboratory, Philadelphia.

## TESTS PROVE ALASKA COAL IS ADEQUATE

FOR USE IN NAVY AND WILL GUARANTEE FUEL TO PACIFIC FLEET.

Assistant Secretary of the Navy, Roosevelt, Star Witness Before Naval Committee.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Dec. 15.—Assistant Secretary of the navy Franklin D. Roosevelt was the star witness called to testify at today's hearing before the house naval affairs committee on the naval appropriation bill. Captain Sading, commanding the Atlantic submarine flotilla, also was on hand ready to take the stand. Committee members were highly gratified today over the announcement of Secretary Daniels, who in concluding his fourth day on the witness stand yesterday declared that the tests conducted by the navy of coal from the Matanuska fields in Alaska had demonstrated the coal to be as good as any to be found. Although naval officials had been aware of the results of the tests for nearly two weeks, the Secretary's announcement was the first public utterance on the subject. The success of the tests of the Alaskan coal meant an adequate supply of fuel on the Pacific coast as soon as transportation facilities are available, the secretary added.

## CHEER

TO THE AMOUNT OF \$25,000 DISTRIBUTED BY HOME BUILDING ASSOCIATION.

As a Result of the Savings of Members of the Christmas Money Club.

Santa Claus distributed Christmas cheer in Newark today to the amount of \$25,000, the money being in checks which were mailed to the members of the Christmas Money Club, from the Home Building Association.

This building company of 24 South Third street, early last year started the Christmas Money Club, the arrangement being to pay two cents the first week and increase it two cents each week, or it was permissible to make the large payment the first week and reduce it two cents each week. The result is that today all the saving members have paid the deposit each week are now checks for \$21.12 today. Many took out two and three members.

The 1914 Christmas Money club will open for work at the Home Building Association and a number of interesting membership are offered. The release of \$25,000 in the city during the holiday season means an added impetus to the Christmas trade.

## Kaiser Mourns Loss but Puts Faith In God

BERLIN, Dec. 15.—By wireless to London.—An official statement given out at headquarters today contains copies of telegrams exchanged between Emperor William and Johannes Kaempf, president of the Reichstag, regarding the naval battle off the Falkland Islands.

What Kaempf regarding the German loss in this battle in which Herr Kaempf said that the nation was one with the Emperor in grief at the loss and the side at the heroic battle. The Emperor said: "May the heavy losses we have been forced to make in this battle for our existence be borne by all and used with a steady aim, that supported by an unshaken hope in God, our Lord, from whose gracious hand we humbly receive fortune, misfortune, joy and sorrow, will turn this most difficult hour into a blessing for the fatherland."

Germany has seven cities with more than 500,000 population.

## TEMPERATURE WAS BELOW ZERO MARK

MERCHANTS SAY THAT REAL CHRISTMAS SPIRIT IS NOW WITH US.

Which Fact is Evidenced by Improvement in Business—Some Schools Dismissed.

The zero mark was passed Monday night for the first time this winter. At 11 o'clock it was three degrees above, at 12 two and at 2 a. m. zero. At 5 o'clock it was six below zero and the same at 7, and at 8 the sun had come out and warmed things up slightly for the mercury rose two degrees, but from that on until noon there was only a slight modification in the temperature.

The streets were nearly deserted Monday night, street car traffic was all and as a consequence the movie shows were poorly patronized. It was the first real cold night of the winter and the people preferred to sit around their firesides rather than take a chance facing the cold wintry blasts.

The gas in some places was a little low but there were few complaints. The pressure came on strong about 9 o'clock and from that on until morning there was plenty of nature's fuel for everyone. Tuesday morning in several sections of the city the pressure was very light. At the High school the gas was low and only 48 degrees could be reached, making it necessary to dismiss the school.

Coal dealers were kept busy getting out rush orders but hundreds of citizens taking warning by the forelock had laid in a supply of the black diamonds and were in a position to say to their less fortunate neighbors, "I told you so."

As a usual thing it generally warms up through the day but the weatherman Monday saw fit to reverse the usual order of things and the mercury was a stickler around the same degree of temperature. The same thing occurred today and there can be only one translation or reason for it and that is continued cold weather. Just one year ago Monday the lowest the mercury reached was thirty degrees above zero.

Merchants were not complaining Monday and their places of business were crowded by eager shoppers. It has been the best Monday they have had for many a moon and extra forces of clerks were needed in many places. The several inches of snowfall Sunday and Monday brought with it the Christmas spirit, and caused everyone to unloosen their purse strings. As a consequence the downtown district assumed a holiday aspect and the happy faces in the eager throngs predicted that many would have a happy Christmas.

Interurban cars running into the city today were but slightly behind the schedule and there was no delay on any of the steam roads. Telegraph and telephone companies reported but little trouble and with the rising of the temperature in the afternoon the crowds were again out on shopping expeditions and satisfying spots could be seen on the faces of all the local merchants.

It was necessary to dismiss all the rooms of the High school building Tuesday morning until noon on account of the cold snap. At the noon hour the janitor had the building thoroughly heated, using coal, and fires were resumed.

Four rooms in the Maholin building were also dismissed with orders to report back at noon. All other buildings over the city with the exception of seven are combined with coal and no trouble is anticipated.

## TEACHERS IN OHIO CAN NOW FORM UNIONS

CLEVELAND SUPERINTENDENT FREDERICK MAY HAVE TO SERVE 10 DAYS IN JAIL

For Discharging Teachers in Defiance of Courts' Order—Supreme Court Decisions.

COLUMBUS, Dec. 15.—The supreme court today issued a temporary restraining order to prevent the state liquor licensing board from appointing county liquor license commissioners in about forty counties, formerly dry.

The supreme court in granting the restraining order against the liquor licensing officials set January 8 as a date for the hearing in the case of Charles S. Hockett of Bellefontaine, who is suing to test the validity of the home rule amendment. Today's issuance of the restraining order effectively prevents any appointment of county officials until January 8.

COLUMBUS, Dec. 15.—By refusing to receive the case from the Cuyahoga county court of appeals, the supreme court today affirmed by inference the lower court's decision that superintendent J. M. H. Roderick of the Cleveland schools, must serve 10 days in jail and pay a fine of \$500 for contempt of court, in dismissing six Cleveland teachers because they were members of the newly-formed teachers' union. Judge Neff of the common pleas court, had enjoined Roderick from dismissing the teachers, and cited him for contempt when he violated the order.

The supreme court's action today affirms the right of school teachers in Ohio to organize unions without placing themselves in danger of dismissal because of their membership.

The decision as handed down by the supreme court still gives Frederick a chance for an appeal on the contempt of court charge. The court holds that there was no error in the court of appeals action in refusing to review the case because the school board refused to file a bond.

## DROPSY AND BRIGHT'S DISEASE.

Nearly everybody knows that when the dropsy comes so fast in Bright's Disease that the patient has to be tipped that the case is hopeless so far as the old treatment is concerned. We never heard of a case recovering that required tapping until Fulton's Renal Compound was evolved. Under the Renal Compound recoveries are frequently reported even in this supposed hopeless stage. We cite two cases.

F. H. Chandler of Clay, New York, presents a serious case. As high as four quarts of water were drawn at a tapping. He was not on Fulton's Renal Compound and a year thereafter had resumed employment.

Another patient six years old, the son of A. C. Dean of Oakland, Cal., was tapped eight times, even had to be tapped after being put on Fulton's Renal Compound, but the tapping grew further apart and he became healthy and was doing in school at his studies.

The county of Fulton's Renal Compound to oppose Renal Compound and reduce albumen in many cases of Bright's Disease is not a matter of opinion but a FACT. It is the truth and we will not be made for anything that will bring the advantage from which we work. As the women dealing in poisonous compounds follow, recoveries having been reported in hundreds of cases. Formerly and frequently called on request, J. D. Fulton, Inc., P. O. Box 1000, New York, N. Y. A free pamphlet.

## NEW GLOBE HOT BLAST

## WINNER IN OVER 8000 TESTS

In seven years the GLOBE HOT BLAST HEATER has been put to over 8000 severe street demonstrations all over the U. S.

These demonstrations were in competition with other makes of Hot-Blasts specially constructed to burn the fuel most plentiful in each locality. The GLOBE, manufactured by the Globe Stove & Range Co., of Kokomo, Ind., was declared the winner of every one!

The reason: Its peculiar and distinctive method of heating the entering air, which is then jetted through slots into the fire, causing it to burn from the outside inward, cooking the coal ahead as it burns. This causes a continual blast of blazing gases, as the warmed outside air rushes in and mingles with the gases.

The makers guarantee the New Globe Hot Blast to burn any kind of fuel economically.

Come in to our store today and see the greatest Hot Blast Heater on Earth!

Other "Globe" products are Base Burners, Steel and Cast Ranges, Soft Coal Heaters and Warm Air Furnaces.

**Announce Birth.**  
 C. W. Loar and wife of 125 Dewey avenue, announce the birth of a daughter on December 13.  
 Condition Satisfactory.

The condition of Mrs. Eva Berry of Channel street, who was operated on Sunday at the Sanitarium by Drs. Boyer and Evans, is satisfactory.

Letter to Santa Claus.  
 A letter addressed to Santa Claus in care of Advocate sent by Donovan Evans of Hanover, has been forwarded. St. Nicholas will certainly find this little boy.

Letter Received.  
 Bernard Schwartz, 228 North Cedar street, will please note that his letter to Santa Claus has been placed on file and will be handed to St. Nicholas before Christmas.

Second Operation.  
 William Twigg, the well-known all well contractor of this city, accompanied by his sister, Mrs. Bert Macklin of Zanesville, left Tuesday for Cincinnati where he will undergo a second operation for nasal trouble.

Is Seriously Ill.  
 Word has been received here of the serious illness of Mrs. Walter Seward of Cleveland. Mr. Seward is well-known in Newark, having resided here until a few years ago. Mrs. Seward underwent an operation for peritonitis about a week ago and her condition is considered critical.

To Take Oath.  
 James M. Schaller, John J. Martin and Wm. F. Lavin, Newark young men, who recently passed the state bar examination, will go to Columbus, Wednesday, where they will be sworn in as attorneys and admitted to practice before the courts of Ohio. They will take the oath of office before the supreme court of Ohio.

Attention, Veterans.  
 The U. V. L. will meet at Memorial Hall Wednesday morning at 9 o'clock to attend the funeral of Col. Charles H. Kibler which is to occur at 10 o'clock. All men of the 76th Ohio are also requested to be present at the same time and place. Marion Christian, president 76th regiment.

Johnstown-Newark Bus.  
 The Johnstown-Alexandria-Grandville-Newark motor bus line has already proved to be very popular and the patronage is growing. The bus makes two round trips daily

Including Sunday. Manager Burkham has installed a heater in the bus to add to the comfort of his patrons. Merchants are finding the bus convenient for the delivery of merchandise to their customers.

**Board of Trade.**  
 The annual meeting of the members of the Board of Trade will be held this evening in the Assembly hall at 6 o'clock for the purpose of electing six new directors. A splendid dinner will be served. Reports of the various officers will also be made. It is hoped that there will be a good attendance.

**Resolutions of Approval.**  
 At the regular meeting of the Newark Trades and Labor Assembly a resolution was adopted, showing the appreciation of organized labor toward the trustees of the new City Hospital and the contractors who had the fair treatment of Union as well as Newark labor in the construction of our beautiful and much needed City Hospital.

**Colds Are Often Most Serious**  
 Stop Possible Complications.  
 The disregard for a Cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly Loss of Sleep is most serious. It is a warning given by Nature. It is man's duty to himself to assist by doing his part. **MUNICIPAL TREE**  
**CELEBRATIONS**  
**ARE SUGGESTED**

The current number of "The American City," a magazine devoted to municipal problems and civic betterment, contains two articles offering practical suggestions for community Christmas tree celebrations. The articles are illustrated with reproductions from photographs, showing many beautiful Christmas trees used in such celebrations last year. The Newark tree is honored with a description of the plan which was adopted to make the feature a permanent holiday event each year. The action of the Newark Trades and Labor Assembly in planting the permanent tree and making possible the annual trimming of the tree is given special mention.

Newark's tree this year is in place ready for the decorations which have been provided for. The program for the lighting of the tree is now being prepared and volunteer singers have been asked to help with the music. All that is left to make the event highly successful is a liberal donation to the fund which will be used to distribute Christmas cheer to the youngsters of the city who might otherwise be overlooked by Santa Claus.

A number of donations have already been received as is indicated in another column of tonight's Advocate, but more money is needed to finance the work which has been planned by the committee.

**THOUSANDS OF HORSES BEING SENT TO EUROPE.**

Associated Press Telegram.  
 Pittsburgh, Dec. 17.—Since the belligerent nations of Europe began buying war horses in this country 11,124 horses have passed through Pittsburgh on their way to Atlantic coast ports. They occupied 519 cars, and traveled on fast freight schedules. That the agents were not in a hurry, however, was proved by the fact that while the law provided a rest of five hours in Pittsburgh, horses were often kept there several days. On such waits the animals were branded with the mark of the country to which they were consigned.

**500 MINERS INJURED.**  
 Associated Press Telegram.  
 Tokio, Dec. 17.—An explosion occurred today in a coal mine at Fukuoka as a result of which 500 laborers are imprisoned in the workings of the mine. Fukuoka is on the seacoast 85 miles to the north of Nagasaki.

## CHURCH CANVASS

### A GREAT SUCCESS; SUPPORT PLEDGED

Sunday was without doubt one of the greatest days in the history of the Central Church of Christ. For several weeks preparation had been made for the canvass of the entire membership by 100 men on a single afternoon. The date set for the work was Sunday afternoon, Dec. 13. On Tuesday evening, Dec. 8, the women of the church served a free supper to the 100 men who were to do the visiting.

With wonderful enthusiasm and earnestness these men threw themselves into their task on Sunday afternoon. Some of the men were sick or had sickness in their families, but the others closed in the ranks and went on with the work. As far as has been learned, the ground was entirely covered, including the majority of the country members. Some went alone in order to give their partners to other teams. One team traded their list for a more difficult territory, because another man was afflicted with rheumatism and could not walk as well as they. Through it all a wonderful spirit of unselfish service prevailed.

The Sunday evening meeting at the church will be long remembered. The group leaders and the general chairman, Mr. C. L. Riley, sat on the platform, and reports of the various groups were made by the leaders. There were ten group leaders, with ten men or five teams in each group. The aim was to raise about \$71.50 per week for the current expenses, and about \$21.00 per week for missions and benevolences. The total amounts reported Sunday evening by the leaders were \$72.25 per week for current expenses and \$25.35 per week for the missionary and benevolent work of the church. Of the amount pledged for current expenses, about \$5.00 per week will be turned over to the West Side Mission, because it was pledged by them. All of the members who did not happen to be at home on Sunday afternoon, and hence had no opportunity to make pledges, will be seen very soon. It is confidently believed that the entire amount will be provided.

**INAUGURAL PARADE**

An effort is being made to arrange for the transportation of Company B, Old Guard, to Columbus, on the occasion of the inauguration of Governor Frank B. Willis in January. It is planned to send about fifty of the guard in full uniform to take part in the inauguration ceremonies. The financing of the trip is the only hitch in the program now and members of the guard hope to be able to arrange for this within the next week or two.

### MERCURY HITS ZERO IN PHILADELPHIA

Associated Press Telegram.  
 Philadelphia, Dec. 15.—The first real cold weather of the winter brought zero temperatures today in the mountain districts of Pennsylvania. At Harrisburg the official record was 4 degrees above zero, and in the mountain regions the temperature fell to 4 below.

In Philadelphia the weather bureau reported a minimum of 13 degrees above zero and about the same temperature was reported in New Jersey and Delaware.

### PUT ONE OVER ON HIS FRIENDS DURING BANQUET

A nice little banquet of splendid appointments was served recently by one of the city's leading business men to a number of his friends. He had informed them that it was to be in the nature of a roan roast and true to his word when they took their seats at the table there on a platter were what evidently appeared to be two succulent and juicy raccoons.

### Invited all guests out into the kitchen

and showed them the feet and two heads of two skunks which he had purchased and served at his feast. At first there were threats of the duck pond, suits for damages, etc., and then realizing that they had had one put over on them by the genial host agreed to accept it good naturedly and all were of the one opinion—that skunks are very delectable, appetizing, and a fit substitute for racoon or any other kind of game.

**Non-Support Charge.**  
George Cole of East Newark, has been arrested on a non-support charge on the affidavit of his wife. He is now confined in the county jail awaiting a temporary hearing in Justice Fletcher S. Scott's court. The affidavit states that he refuses to support his wife and two children, aged one year and a half and four months.

**Justice Scott's Court.**  
In the case of the state of Ohio vs. Charles Stricklin, charged with assault by his wife Justice Scott heard the testimony of a large number of witnesses, Friday afternoon. The evidence did not sustain the charges, and the justice dismissed the defendant.
